Professor G. H. Needler,

Niagara Camp.

Dear Professor Needler:

I am sorry to have to tell you that I received a cable from Waterhouse announcing that he has just been elected Professor in Dublin. This was all the more disappointing inasmuch as two days ago I had a letter from him accepting our offer, which I formally acknowledged yesterday.

In addition to this I have had a letter from Professor Toews in which he states that he believes that he will be able to do his work next winter. I also have a letter from Professor Mueller resigning his position. There is therefore a clean sweep of the German Department except that a man of very doubtful health may be back to do his work. I should like to see you when you return from the Camp. I shall be absent in the States from Tuesday morning to Friday morning. Meantime I am going over some applications none of which however seem to be very promising.

Yours sincerely,

President.
